

Tax Duplicates

Tax Duplicate books for 1843, 1846, 1847, 1848, and 1849 are located in the Johnson County, Indiana Museum History and Genealogy Room.

These books do not have page numbers, but are arranged by townships.

In order to locate persons, it has been necessary to know the township/townships in which the persons paid taxes/

One of the values of using these records is that not only are real estate owners listed, but also all persons who paid a state or county tax of any kind, both male and female.

This index lists the persons who paid the tax, the year or years in which they paid the tax, the township/townships in which they paid the tax, and the amount of real estate owned in terms of acreage. It should be noted that the treasurers of Johnson County at times spelled the names of townships in different ways. In this index, the current spellings of the townships is used.

Other information listed in the books are: Description of Lands; Section, Township, Range, Acres, hundredths of acres, Value of lands, Value of Improvements, Value of lands and improvements, Names of Towns, In-Lots [in towns]. Out-Lots [in towns], Parts of In-Lots [in towns]. Ports of Out-Lots [in towns]. No. Sq're or Bl/d [in towns]. Value of Lots [in towns], Value of Lots and Improvements [in towns]. Value of Corporation Stock, Value of Personal Property, Total Value of Taxables, Polls, State Tax- 26 cents and 7 mills on \$100, County Tax, School Tax, Road Tax, Total amount of Taxes, No. of Delinq'nts, Delinquent Tax, Total, including delinquents, Remarks.

Variations in spelling of names made it necessary to include many see also references. Errors in reading of names is the responsibility of the compiler.
